

**First Circular on
Asia-Pacific Conference on Condensed Matter Physics 2023
November 26th to 29th, 2023**

On behalf of the AAPPS Division of Condensed Matter Physics (DCMP), the Physical Society located in Taipei (TPS), National Dong Hwa University (NDHU) and National Taiwan University (NTU), we are pleased to invite you to attend the Asia-Pacific Condensed Matter Physics Conference 2023 (AC2MP 2023).

The AC2MP 2023 is the third meeting of its series and aims to gather experts from the condensed matter physics field and related communities in the Asian-Oceanic region. Through the conference, we hope to foster international collaborations and contribute to the expansion of knowledge in the field.

The conference will be held in-person at the venue in Hualien, which is located in eastern Taiwan. Bordered by the Pacific Ocean and close to the Central Mountain Range, Hualien is one of the most scenic areas in Taiwan. We hope this will provide an excellent opportunity for networking and engaging in fruitful discussions with professionals.

We sincerely welcome you to join us at the AC2MP 2023. We believe your presence and active participation will enrich the conference and contribute to the promotion of international exchange in condensed matter physics.

You can find more information on the conference official website: <https://ac2mp2023hualien.ps-taiwan.org/>.

We look forward to seeing you at the conference.

With warm regards,

Ying-Jer Kao
