

28th International Conference on Statistical Physics

STATPHYS 28

DATE: August 7-11, 2023

VENUE:

The University of Tokyo

**Abstract submission & Travel support application
Deadlines: February 28, 2023**

Topics

TOPIC 1

General and mathematical aspects

TOPIC 2

Out-of-equilibrium statistical physics

TOPIC 3

Quantum many-body systems and quantum fluids

TOPIC 4

Disordered and glassy systems

TOPIC 5

Biological physics

TOPIC 6

Soft matter

TOPIC 7

Nonlinear physics

TOPIC 8

Interdisciplinary and complex systems

Plenary speakers

Raissa M. D'Souza

Udo Seifert

David Huse

Andrea J. Liu

Vittoria Colizza

Ajay Kumar Sood

Kunihiko Kaneko

Yamir Moreno

2022 Boltzmann medals: Deepak Dhar, John J. Hopfield

2022 Early Career Scientist Prizes: Kyogo Kawaguchi, Camille Scalliet, Suraj Shankar

Local organizing committee

Chair Tetsuo Deguchi (Ochanomizu University, Japan)

IUPAP C3 commission

Chair Lucilla de Arcangelis (University of Campania "Luigi Vanvitelli", Italy)

Vice Chair Doochul Kim (Seoul National University, Korea)

Secretary János Kertész (Central European University, Austria)
